

CO-OPERATION OF PRODUCERS WITH PACKERS URGED

Would Eliminate Agitation Against Packers

WASHINGTON, Jan. 30.—Thomas E. Wilson, head of Wilson & Co., testifying today before the interstate commerce committee said that many of the troubles of the livestock producers and the packers would be relieved if the producers organized in every state and co-operated with the packers and the department of agriculture. The producers he said, could regulate shipments and the price would be uniform and the price would be a fair one. Much of the agitation against the packers, he contended was lead by producers who had been given rough treatment by the packers years ago and who still held a grudge. He denied that the packers were controlling prices by collusion.

Representative Sweet of Iowa, wanted to know whether 350,000,000 pounds of meat was held in storage throughout the country to maintain or increase the price.

"No, indeed," Mr. Wilson answered, "you must understand it is not such an enormous quantity. A short time ago my company had an order for one half that amount it had to fill in two weeks. The figure seems large, but figures are common in the packing industry."

Mr. Wilson said the great quantities of pork held in storage resulted from the government's action last summer in urging increased production of hogs.

"There was a big response to the government's request," he stated, "then when the armistice was signed and everybody began to believe prices would tumble, every man who owned a hog wanted to get rid of it. The market was glutted and the packers bought in enormous quantities."

Swift Questioned in Senate. No salary, except that from Swift & Co., is paid him, Louis F. Swift, head of Swift & Co., today told the senate agriculture committee adding that he did not think it fair to accept pay from a subsidiary. Asked regarding the payment of a subsidy by the stock yards company to the packers to keep their plants in Chicago, Mr. Swift said he was sorry he had not moved, as he would be better off today. The stock yards he said should be located at Gary, Ind.

The witness denied that the packers had attempted to control the election of officers of the National Livestock Association. The labor situation and condition of the stock yards at Chicago were brought up by Francis J. Heney, counsel for the federal trade commission. He said several thousand men sought employment at the yards daily.

"Do you think there is any excuse for the present unsanitary conditions of the yards?" asked Mr. Heney.

"I know nothing about the yards," was the reply, "but if I had anything to do about it, I'd see they were kept clean."

Mr. Heney charged that laborers there worked 16 and 17 hours a day and frequently on Sunday. In connection with testimony on the reorganization of the Chicago yards, J. Ogden Armour retained an interest while the other packers were eliminated, Senator Norris asked.

"Do you think Armour treated you squarely?"

"It doesn't look very square," Mr. Swift said.

"Do you expect to get your share yet?" went on Senator Norris.

"If I can get it above the board, I might take it, if it has to be done under cover I might not," the witness responded.

French Apaches Responsible For Paris Disorders

PARIS, Jan. 30.—(By the Associated Press)—That Apaches of all nationalities dressed in American uniforms were mainly responsible for the acts of violence which have caused broadcast publicity to be given to an alleged American crime wave in Paris was shown by an investigation conducted by The Associated Press today.

It was further ascertained that assaults and holdups are infinitesimal in number as compared with the published figures of the crime wave existing exclusively in the vivid imagination of sensational local newspapers.

An opportunity was presented to verify at police headquarters the figures respecting crimes during last December. Thirty-four murders charged to Americans were disclosed and dwindled to two; 24 holdups and assaults were reduced by 80 per cent.

Fistic Encounters. There have been numerous fistic encounters, however, but they were mostly between Americans, old fashioned rough and tumble brawls in which arrests are rarely made in American cities where for the most part the pugnaic individuals would merely be requested by the police to go home, or a humorous policeman would advise them:

"If you want to fight, go to Europe."

Brigadier General William W. Harts of the United States army in a statement given out today, says:

"The reports concerning the large number of murders by American soldiers in Paris is untrue. They are greatly exaggerated. The number of military police in Paris has been increased merely because of the greater number of soldiers passing through the city, not because of unusual disorders. The statistics show that the American soldiers are maintaining their high standard of discipline in every detail, wherever they may be."

The Paris chief of police, M. Monnet, said he was greatly pleased at the co-operation of American detectives who have recently arrived here.

High Official's Statement. A high official at police headquarters referring to the department's records previously mentioned and the street brawls, said:

"Not all of these may be charged to Americans as there have been many cases in which the similarity of the uniforms of Australians and Americans has led to the Americans being blamed for fights and holdups, in which the Australians were engaged or committed. Also our own Apaches, strong in the belief of immunity thru the popularity of the American uniform have obtained by hook or crook some of these uniforms and have gone about their work in earnest."

"Surely there are some real Americans guilty, but the percentage is nearly as great as that published."

PLAN TO HONOR U. S. WOMANHOOD WITH THE AMERICAN ARMY OF OCCUPATION

PARIS, Jan. 30.—(By the Associated Press)—A movement to erect in Washington, D. C., a monument to "American womanhood in commemoration of her loyalty, sacrifice and devotion to the American expeditionary forces" has been started by the Third Army army. Letters suggesting the idea were recently written to all the officers of the Third Army by Col. E. St. J. Greble, Jr., commander of the seventy-sixth field artillery, Third division. It is proposed that General Pershing appoint a committee to take up the work and that every member of the American expeditionary force, the navy and merchant marine be permitted to contribute to the fund. Under the proposed plan enlisted men would give a dollar each and officers three dollars each.

PRESIDENT PLANS TO VISIT BRUSSELS

PARIS, Jan. 30.—President Wilson's present plans indicate that he still hopes to visit Brussels before sailing for home and will make the trip at the last possible moment previous to his departure. The facts are that the president was prevented from going to Belgium this month because of the important matters coming up at the peace conference, but if the present plans hold he will be able to visit Brussels and probably some of the battlefields of Belgium before sailing for Brest. In this case he would leave Paris probably February 8 or 9 and arrive at Brest between Feb. 12 and 15.

MORAN MANAGER FOR CINCINNATI

CINCINNATI, O., Jan. 30.—Pat Moran, former manager of the Philadelphia National League baseball club signed a contract today to manage the Cincinnati Nationals during the season of 1919. Moran was assured that he would be signed for the 1920 season if his work proves satisfactory.

UNITED STATES' WAR EXPENSES STILL HEAVY

\$1,600,000,000 Paid Out By Treasury In January

WASHINGTON, Jan. 30.—Altho nearly three months have passed since the signing of the armistice, the American government's war expenses show no signs of decreasing materially except in loans to the allies. For January the treasury paid out about \$1,600,000,000 for ordinary war expenses, exclusive of allied loans, or only \$70,000,000 less than in December \$55,000,000, less than November and considerably more than in any month heretofore.

Officials explained that this was not to be taken as indication that production of war materials is continuing at the tremendous rate of several months ago. Manufacturers now are presenting their bills and receiving payment for materials delivered long ago, however, and this keeps up expenses. The liquidation of war contracts to be given added impetus after passage of pending legislation providing for validation of informal orders, is expected to be a new source of high outlays for the next month or two.

Payments to the allies fell to about \$190,000,000 in January. When these loans were first instituted, the government contemplated turning over about \$500,000,000 credits to the allies every month but actual payments ordinarily ran around \$380,000,000 monthly.

Treasury Figures. The treasury cited figures on the present government outlay, to emphasize the necessity for another big war loan of five or six billion dollars in April. Current expenses now are paid largely out of borrowings from banks and other purchasers of the government's short term certificates of indebtedness. The government's aggregate expenses in the 22 months of war have been \$26,256,000,000 it was calculated today. This includes \$7,817,000,000 loaned to the allies; latest unofficial reports place at \$40,000,000 the cost of war to Great Britain including \$5,535,000,000 loaned to her allies. From the same British source also comes the estimate that the war has cost Germany \$35,750,000,000 of which \$2,250,000,000 was loaned to her allies.

SOCIALISTS LOSE POWER IN GERMANY

BERLIN, Wednesday, Jan. 29.—(By the Associated Press.)—Unofficial returns from Sunday's elections to the Prussian assembly, without taking Posen's twenty-one delegates into consideration show the selection of 142 Socialists, 24 Independent Socialists, 87 Christian People's Party, 41 German Nationalists, 18 German People's Party, 6 Democrats, 6 Catholics and one Democrat-Peasant.

The Socialists are not likely to have more than four of Posen's delegates which would make the combined Socialist strength in the state diet 176 as against 231 Bourgeoisie delegates. The vote as far as it has been tabulated shows a considerable loss for the Socialists—the two Socialist factions and the Democrats and small gains for the National and Christian people's parties when compared with the national assembly results.

The Socialists fell off 21,500 votes in Berlin. The nationals gained 7,000.

INFLUENZA DELAYS DEMOBILIZATION

WASHINGTON, Jan. 30.—Because of the prevalence of influenza and pneumonia in virulent form at Camp McClellan, Ala., Surgeon General Ireland has recommended that no more troops be sent there for demobilization until conditions improve.

Outside of Camp McClellan and Camp Hancock, Ga., health conditions in the army camps were reported good. Camps in the southwest had relatively high incidence of influenza and pneumonia as compared with camps in the north and northwest.

For all camps, however, there was a decline in both diseases compared with the week before.

BILL WOULD INCREASE JUDGES SALARY

WASHINGTON, Jan. 30.—Legislation to increase the salaries of federal district judges to \$7,500 a year and circuit judges to \$8,500 a year was completed and sent to the White House today with the adoption of a conference report by the senate.

WORK IN MINNESOTA

WASHINGTON, Jan. 30.—Approval of \$125,000 for relief work in connection with the Minnesota flood was given today by the War Relocation Administration.

Wilson Endorses Kenyon's Labor Commission Bill

WASHINGTON, Jan. 30.—Senator Kenyon's bill providing for the creation of a federal commission which would work in conjunction with the states and municipalities in meeting the unemployment situation was endorsed by Secretary of Labor Wilson today before a joint meeting of the senate and house labor committees. He said his department had urged constantly in correspondence with state governors and mayors that normal production and maintenance of public utilities be resumed in their jurisdictions.

Construction of highways, the secretary said was a good means of providing employment as well as resumption by the government of the construction of necessary buildings and river and harbor improvements.

"We are almost in the same kind of an atmosphere we were when we entered the war," Mrs. Wilson said. "At that time there was a fear that we would not be able to mobilize enough soldiers to be effective, that we would not be able to mobilize labor. When the great crisis came and Germany broke thru the west front it was these same boys of ours that stepped into the breach at Chateau Thierry, turned the Germans back and restored the morale of the British and French forces. If we could meet that situation, surely by intelligence and energy we ought to be able to reach the problems of demobilization."

James I. Blakeslee, fourth assistant postmaster general urged increased construction of roads and extension of the motor truck mail service which he said would furnish employment to many returning soldiers.

Investigating Activities of Security League

CHICAGO, Jan. 30.—The congressional committee investigating charges of undue political activity on the part of the National Security League spent the entire day here examining two witnesses. They were Emil C. Wetten, who was chairman of a sub-committee of the executive committee of the Chicago branch of the league which investigated the qualifications of certain candidates for office and H. J. Duckley, secretary of the local branch of the league since last summer.

Mr. Wetten told of a letter sent to members of the league throughout Illinois during the primary campaign last year in which members of the league were called upon to do what they could to defeat the nomination of Mayor Thompson of Chicago for senator and of Congressman Fred Britten for congress. Both are Republicans.

Mr. Wetten said that the league condemned Britten because of a speech he made in congress which was adversely criticized by President Wilson and for that reason alone. He denied that this was a political action. It was a letter sent out for patriotic reasons and which may have had political effect, he said. "We took no further action in the matter whatsoever. If we had been playing politics we would have followed up the letter with others and with a speaking campaign."

Mr. Duckley said that it cost \$200 to mail the letters. Much of Mr. Wetten's testimony was devoted to the appearance of Congressman Niels Juul of Chicago, before the sub-committee of which Wetten was chairman.

"Juul had been criticized for an alleged aid to one Lundly to evade the draft," related Mr. Wetten. "He explained the Lundly matter and said also that he wanted to be sure always to vote right in congress and for that reason always ascertained the attitude of Congressmen Madden, Mann and McCormack all of Chicago on questions before the house. He pledged us all to secrecy about what he had told us, but himself gave out a letter to the press for campaign purposes."

RESERVE BANKS BREAK RECORDS

WASHINGTON, Jan. 30.—The 12 federal reserve banks broke records in 1918 by piling up an aggregate of \$55,436,000 in earnings largely from re-discount operations as compared with \$11,202,000 the year before. Gross earnings, the federal reserve board reported today were \$67,584,000. After paying \$5,584,000 dividends of six per cent on capital stock and transferring \$21,605,000 to their surplus fund, the banks reserved \$26,738,000 as the government franchise tax.

RECEPTION FOR IOWA SOLDIERS

Des Moines, Ia., Jan. 30.—Gov. W. L. Harding, Mayor Thomas Fairweather and Col. H. R. Freeman of Camp Dodge, will be the principal speakers at Des Moines' organized reception to returning soldiers at the college yesterday.

Borah Opposes Interfering With German Colonies

WASHINGTON, Jan. 30.—Vigorous opposition to plans reported from Paris for the internationalization of former German colonies was voiced in the senate today by Senator Borah of Idaho. Republican. The speaker said he was not in favor of the United States assuming any obligation to control, govern, or be responsible for any part of the German possessions. Senator Borah said Australia, in demanding the German Islands of the Pacific had announced a Monroe Doctrine for Australia and added:

"If we, as a member of a league interfere with the Monroe Doctrine of Australia, or the Monroe Doctrine of Japan, or of some other nation, how long would it be before they would interfere with our Monroe Doctrine?"

The Idaho senator criticized reported private conferences between Colonel House and General Smuts regarding disposition of the German colonies, at which it was said an agreement had been reached to "sustain the secret treaty between England and Japan for disposition of certain German possessions in the Pacific. Senator Borah said this was another exhibition of secret diplomacy and declared that a league of nations based on secret proceedings would be an "infamous institution."

Senator King, of Utah, Democrat, defended the action of the American commissioners in holding private conferences, declaring such conferences were necessary to formulate views for presentation to the peace conference. All the meetings of the peace commissioners, he said, could not be heralded "from the house tops."

MEETING IN INTEREST OF RECONSTRUCTION

SPRINGFIELD, Ill., Jan. 30.—Prevention of strikes and labor disturbances during the reconstruction period following the war is the purpose of a meeting here tomorrow between a committee of fifteen from the ranks of labor and a committee of thirteen from big employers of workers in Illinois.

Frank O. Lowden, governor, who suggested the conference, probably will preside and will ask both sides to come to some amicable agreement whereby differences arising out of postwar conditions may be averted without strikes and lockouts.

The employers' committee was named by the Illinois Manufacturers' association and that representing employes by the Illinois Federation of Labor. The two bodies of men may be asked to consider themselves permanent committees for future deliberations. It is anticipated that questions relating to legislation which will be held behind closed doors, come before the conference.

Roger C. Sullivan of Chicago, heads the employers committee and George Perkins, Chicago, president of the Illinois Cigar-makers' Union is at the head of the employes' committee.

PLAN DEMOBILIZATION BY DRAFT BOARDS

NEW YORK, Jan. 30.—A plan to demobilize soldiers returned from France through local draft boards instead of discharging them direct from camps, is being considered by the war department according to Police Commissioner Enright, who made public today details of interviews which he had last Monday at Washington with Secretary of War Baker and Provost Marshal General Crowder.

The proposed new system, the commissioner said, met with the approval of General Crowder, while Secretary Baker, who had decided against the plan when it was urged on a previous occasion, promised to reconsider his decision.

CARNEGIE PENSION FUND DISBURSEMENTS

PITTSBURGH, Jan. 30.—The United States Steel and Carnegie pension funds provided by Andrew Carnegie and the United States Steel corporation, eight years ago for veteran employees, disbursed \$709,059.82 among retired workers during the year 1918, according to the annual report made public here today. Total disbursements for the eight years are \$4,367,107.55, according to the report, which shows that in 1918 there were 2,861 beneficiaries.

TURKISH TOBACCO IMPORTED

New York, Jan. 30.—A cargo of currants and Turkish tobacco, said by mariners here to be the first vessel load of these commodities to be imported here from the Orient since early in the war, arrived in this port today on the British steamship Calymvalona from Saloniki.

DEMPEY WILLARD'S OPPONENT

Fort Worth, Tex., Jan. 30.—Dempey will be Willard's opponent in the approaching championship fight, said Tex Rickard last night. The battle will be staged in some state legalizing such exhibitions and no effort will be made to run counter to the law.

AGREE ON PLANS DEALING WITH GERMAN COLONIES

Proposal Put Forward By President Wilson Accepted

PARIS, Jan. 30.—(By The Associated Press.)—The announcement was made in authoritative quarters today that the great colonial powers, notably Great Britain and France had accepted in principle the American proposal put forward by President Wilson for the league of nations exercising supervision over the German colonies and allotting their administration to mandatory powers.

The communication issued tonight makes the official announcement that "satisfactory arrangements were reached for dealing with the German colonies and the occupied territories of Turkey in Asia. The provisional arrangement to which the communication refers is the acceptance in principle of President Wilson's plan of mandatory administering of the colonies."

The reference to the occupied territory of Turkey in Asia indicates that Mesopotamia, Palestine, Armenia and Syria are brought within the scope of this new policy of dealing with the colonies.

"Thus has suddenly come within range of practical accomplishment one of the most sweeping changes in colonial management that ever has occurred. The basic idea of this policy is that the colonies will be administered by mandate for the benefit of their own people and not exploited as profit making enterprises by the powers claiming them."

While acceptance of the principle is with the condition that details may be worked out on a practical basis yet exchanges among the powers led to the belief that the details will be formulated by acceptance by all the colonies and powers, including Great Britain, France, Japan, Belgium and Portugal. The most formidable opposition has come from Premier Hughes of Australia, who has maintained that anything short of outright annexation of New Guinea to Australia might endanger the friendly feelings toward the mother country.

This however is in process of being reconciled by concessions on details but in any event, the opposition is considered to have lost its effectiveness since the British home government and the South Africa are favorable to the new colonial policy. President Wilson has taken a leading part in the animated discussions and acceptance of the new principle is being credited largely to the American attitude. There is no desire in American quarters however, to herald a victory but, on the contrary an earnest desire to show that the mandatory powers shall not be hampered in the least by the administration of colonies.

Acceptance of the new principle is construed as applying not only to the colonies but also as the establishment of a precedent of the fair dealing which will prevail when the large territorial questions come up for decision later. Owing to the important decision reached the following precedents, information concerning the mandatory plan was made available.

Three Broad Proposals.

Three broad proposals for the disposition of the German colonies were advanced. The first proposed annexation, much as the Pacific northwest was annexed as American territory. The second proposed international administration similar to the first international control of the Congo which proved a failure as did similar systems in Albania and Morocco. The third proposal was the mandatory system which was included in the American plan for a league of nations.

There are two conceptions of this mandatory system now under examination. One plan makes the league of nations trustee of the colonies working thru particular states as its agent.

Certain military principles obtain concerning the mandatory system. The state chosen as a mandate should be chosen as the choice of the people to be governed. Another principle is the open door and equal opportunity. Nations are forbidden to have a greater military force than is required for police work, and all have the right of appeal to the league for any injustice.

Opinion inclines also to give the mandate in perpetuity in order to stimulate development but with the reservation that the mandate is revocable for misgovernment or thru the people reaching the stage of selfgovernment. These are the main features of the mandatory system which the powers now have accepted in principle and which the great powers are engaged in formulating the practical details.

Abandonment of 14 Guard Camps Urged By Baker

Both Branches Adjourn Until Next Tuesday

WASHINGTON, Jan. 30.—Abandonment of fourteen of the sixteen national guard camps and purchase by the government of the sites of all national army cantonments was urged today by Secretary Baker and Assistant Secretary Crowell before the house military committee. Camp Kearney, Calif., and Camp Sevier, S. C., would be the two guard camps acquired by government with the others returning to land owners. The recommendations were made without regard to future military policy. Secretary Baker explained that he considered the acquisition of the land as solely a business proposition and that regardless of the size of the future army, it would be the policy of the war department to train men in large units instead of small ones as in the past.

In response to questions Representative Caldwell the department felt it was unwise to speculate on universal training.

Retention of the national army camps, Mr. Baker said, was favored because of heavy investments made there and because if they were dismantled later a large part of President Wilson's plan of mandatory administering of the colonies, would be lost.

In reply to Representative McKenzie of Illinois, the secretary said he believed the department had the authority to carry out its proposals, but that congress had the power to stop it and that the recommendations were submitted with the view that the department might not be criticised for not taking congress into its confidence.

Mr. Crowell said Camp Kearney was valuable from a military point of view because of proximity to the Mexican border, and it might be acquired from California authorities for \$1. Camp Sevier, he said would cost \$57,900, but if it was not bought damages of \$400,000 would have to be paid.

Restrictions On Promotions In Army Removed

WASHINGTON, Jan. 30.—Secretary Baker has removed the restriction which has held since the armistice was signed on promotions in the army. A cablegram sent to General Pershing, authorizes him to "make such promotions among officers of the line up to and including the grade of colonel as will give the officers who, in his judgment, deserve it, rank equal to the command exercised by them."

It was announced that the same policy would be carried out with respect to the army in the United States. Promotions will be made when necessary to give officers rank commensurate with the command being exercised and in the staff corps when appropriate to the work remaining to be done by such corps.

General Pershing, under the authority given him, will make the appropriate promotions to fill vacancies existing or arising. Such plus officers in the various grades will be returned to the United States.

In announcing the removal of the restrictions today, Secretary Baker said it was not intended to authorize promotions merely as a reward for past service, the policy of the department being that recommendations for such promotions should be carefully noted in order that reserve commissions at the recommended grade could not be issued on discharge of the officer from the service.

General Pershing also was authorized to make such promotions in the medical, chaplain and other corps of the army as are within tables of organization and are necessary to confer rank commensurate with the authority in each case.

APPOINTED RED CROSS DIRECTOR

Washington, Jan. 30.—Appointment of W. J. Hiss of New York as director general of military relief of the American Red Cross was announced today at headquarters here. Mr. Hiss will succeed Jess H. Jones of Houston, Texas, who resigned to become a member of the organization's war council.

SHANAHAN NAMES COMMITTEES FOR PRESENT SESSION

Both Branches Adjourn Until Next Tuesday

SPRINGFIELD, Ill., Jan. 30.—Speaker David E. Shanahan announced the personnel of the thirty two house committees introduced. Eighty two bills have been introduced in the lower branch, and these measures will begin to have consideration of the committees next week.

There were some surprises in the selection of committee chairmen. Solomon P. Doderick of Chicago heads the special committee on constitutional convention which will handle the bills providing for method of electing convention delegates and other details.

Theodore K. Long, also of Chicago, who has introduced two constitutional convention measures and who has been regarded as the spokesman of the administration in convention affairs is a member of Doderick's committee.

Gregory Heads Waterways. Charles A. Gregory of Livingston will serve as chairman of the waterway committee and will preside over the destinies of the Lowden waterway measure which proposes changes in the Danube law.

Civil service reform measures participated in the present session probably will go to the committee on civil service of which Homer J. Tice of Greenville is named head. Governor Lowden is known to favor amendments to the present administration out of the hands of a commission and place it in the hands of a director.

Bills proposing abolition of the public utilities commission or amending the present law in the natural course of events be sent to the committee on public utilities and transportation. William M. Brinkman of Chicago is to be chairman of this committee.

Edward J. Smejkal of Chicago retains the chairmanship of the committee on appropriations. Committee Chairmen. Committees and their respective chairmen, as announced today by the speaker, are as follows:

- Agriculture—Dudgeon.
- Appropriations—McMackin.
- Appropriations—Smejkal.
- Banks and banking and building and loan associations—Pace.
- Charities and corrections—Thon.
- Civil service—Tice.
- Constitutional convention—Roderick.
- Contingent expense—Mueller.
- Education—Flegg.
- Efficiency and economy—Sornomann.
- Elections—Dahlber.
- Enrolled and engrossed bills—Meyers.
- Farm drainage—Charles Curran.
- Fish and game—Vae.
- Fish and game—Vickers.
- House stenographic report—Abbey.
- Industrial affairs—McCabe.
- Insurance—Scanlan.
- Judiciary—Holaday.
- Judicial department and practice—Ellis.
- Liberal—Thomas Curran.
- License and miscellany—Lyon.
- Military affairs—Tice.
- Municipalities—Fieldstack.
- Public utilities and transportation—Brinkman.
- Revenue—Young.
- Rules—Speaker Shanahan.
- Roads and bridges—Meats.
- Temperance—Brewer.
- To visit charitable institutions—Watson.
- To visit penal institutions—Boyd.
- Waterways—Gregory.
- Ask Bill for Reconstruction. A joint resolution memorializing congress to appropriate \$1,000,000,000 annually, until the economic situation becomes stabilized, for the construction of hard roads as a means of giving soldiers and sailors employment, was introduced in the state senate today by Senator Edward C. Curtis of Grant Park. Its consideration went over until next week.
- The senate after a fifteen minute session for introduction of bills, adopted a resolution of adjournment until 10 a. m. next Tuesday in which the house concurred.
- The house adopted a resolution of sympathy for Representative William H. Miller of Champaign in the death of his mother, Mrs. Martha Miller.

EVEN NEW YORK

If the liquor interests were surprised that thirty six states ratified the prohibition amendment, they must have been amazed when New York state came into the column and made the total number for ratification forty four. This is about as near unanimous as state action on the amendment proposition could be, as the number forty four means eight states above the number required by the constitution.

EXPECT FARMERS TO BUY BONDS.

The government, it is said, is relying upon the farmers to take the lion's share of the fifth Liberty Loan, scheduled for April or May. The government takes this view, partially because of the known prosperity of farming interests during the war time, the increase in farm values and products, and furthermore, because in the earlier loans the records do not show that the farmers took their fair share of the securities. In the last loan agricultural men came forward manfully and so there is reason for expecting that they will not prove a disappointment to their government in the next loan.

PENSIONS FOR JUDGES.

A measure before the Illinois legislature proposes pensions for circuit court judges and others who have held judicial positions, if they have been in the service for a period of twenty four years or more and have passed the age of 65. There seems to be a general agreement that the salary of judges has not been increased in a way commensurate with the higher living costs during recent years and the pension provision would have the tendency of lessening the worry of judges about what the future holds for them or their firms.

If more resignations come from the president's cabinet on the ground that the salaries do not keep pace with the living expense in Washington, possibly

pension provisions there will be needed to stop the resignations. The trouble is the cabinet officer is seldom called upon to serve for more than four years and it is quite sure that the present officials will not be there more than two years hence.

REAL WORK FOR OFFENDERS.

The proceedings in the county court whereby attorneys for a young man serving a jail term sought to bring about his release emphasizes again the need for some change in administering jail penalties. This defendant had a fine and jail sentence against him. He has been there at county expense now for two months, of no benefit to his relatives or society, and certainly not improving mentally, morally or physically.

This young man and others like him put to work would have an earning power which would save county expense and be of benefit both to them and their relatives. A work house such as maintained in the larger cities is needed in the smaller ones, or the adoption of some system whereby offenders against the law can be put to work instead of receiving jail sentences as punishment which do not really punish them and causes the county unnecessary expense.

THE JOB BALANCE DISTURBED.

Chicago business men are being asked to rally to the aid of the government in providing jobs for returned soldiers. A few weeks ago the number of jobs available was larger than the number of returned soldiers but now the figures are reversed. Soldiers are expected to apply to special employment agency provided for handling this situation and now the number of applications daily is almost double the available positions.

Various proposals have been made for handling this situation so that the men who entered the army service may now be properly cared for, and a satisfactory plan is very sure to be worked out. One proposal at Washington is that men who are unable to secure work be kept on the government pay roll for a few months until employment conditions are adjusted.

Rippling Rhymes By Walt Mason

**SNOW**  
The snow is deep as thunder all around me, as I write; the landscape buried under a dazzling robe of white. And harshly I berate it, and wish that it would go, for I detest and hate it, the dreary driven snow. I view the

snow with loathing, it gives me dumps and blues; it gets into my clothing, and slides into my shoes. It hides the slippery places upon the concrete walk; I fall and bust my traces, and slide around a block. It brings back old diseases, the worst that ever grew; it stirs me up to sneezes, and resurrects the flu. It is because I'm aging, my hourglass running low, that I am vainly raging against the wholesome snow. I'm getting old and cranky, and fits I often throw; that's why I blink the blanky and blitzen-gasted snow. I'd give a million dollars if I could be the boy who whoops with glee and hollers in wild ecstatic joy. He thinks the snow a blessing, he bubbles with delight, as down the street he's pressing week deep in spotless white. And once like him I liked it, and wished 'twould never melt, and through the drifts I hiked it, and didn't freeze my pelt. But now my brains are kinky from years of work and woe, and so I blank the blinky and everlasting snow.

TO ATTEND CONFERENCE

Horace H. Bancroft will go to Chicago tonight to attend a conference of a sub-committee of the constitutional convention committee to be held Saturday. This conference will be at the Midway Club and Judge Oren N. Carter will preside.

ALL Depends on Workers.

At the Red Cross luncheon at noon in a brief but emphatic way Dr. Koppel as campaign manager made it clear that the people are not responding to the Red Cross appeal with the expected promptness. The figures were quoted to show that the record of this county is maintained that there must be a greater interest on the part of all the people and increased activity among the workers.

Brief addresses were made by B. R. Kratz of Concord, Lieut. Earl Epler, Major H. C. Woltman, M. F. Dunlap, E. E. Crabtree, Serg. Wayman and Dr. Josephine Milligan. It was announced that the work of solicitation in this county has been hindered because it was handicapped here because it was necessary to postpone it from the Christmas drive followed in most counties, but that is no reason why the work should not succeed.

Mr. Kratz, whose home is in Concord, made a report for school district No. 101 and said that every adult in the district will be a Red Cross member before the work is completed. Lieut. Earl Epler who is in the aviation service of the army, gave testimony from a soldier's standpoint to the meaning of the Red Cross work.

RED CROSS CAMPAIGN

LOCAL MEMBERSHIP NEAR FOUR THOUSAND MARK

Work Moves Rapidly in Country Precincts—Speakers Heard at Noonday Luncheon—Sergeant Wayman in Farewell Address Thursday Night.

The Red Cross membership roll at the Jacksonville headquarters now shows 3,792 names. This total by no means applies to the county. In fact, it includes none of the county precincts. The managers of the campaign have acknowledged that people in Jacksonville have not responded as liberally and loyally as expected but the campaign has not closed and it is proposed to continue it until the good name of Morgan county is made secure.

Dr. Koppel, campaign chairman, said last night that he knew there were difficulties in progress of a delayed campaign but since the need for the great humanitarian organization is so patent and the good works so thoroughly known, he has no doubt that when the final figures are compiled that a proper membership will be shown.

The conference of Jacksonville workers was held at Grace church at noon with a number of addresses, and canvassing work continued in the business and residence districts in the afternoon. Work was also in progress in the country precincts.

Evening Meeting.

Last night Sergt. Wayman addressed a mass meeting at Grace church, which was preceded by a parade including the drum corps, members of Co. C, Boy Scouts and others. The sergeant will return today to his work in Chicago. Dr. Koppel presided at the evening meeting and Sergt. Wayman made a most forceful and appealing address. It was more than a talk for the support of the Red Cross, because the speaker gave a most informing resume of the war effects and the problems of reconstruction which face not only the United States but the countries of Europe. At the conclusion of the address Dr. F. B. Madden pronounced the benediction.

ANOTHER DAY IN RED CROSS CAMPAIGN

LOCAL MEMBERSHIP NEAR FOUR THOUSAND MARK

Work Moves Rapidly in Country Precincts—Speakers Heard at Noonday Luncheon—Sergeant Wayman in Farewell Address Thursday Night.

The Red Cross membership roll at the Jacksonville headquarters now shows 3,792 names. This total by no means applies to the county. In fact, it includes none of the county precincts. The sergeant will return today to his work in Chicago. Dr. Koppel presided at the evening meeting and Sergt. Wayman made a most forceful and appealing address. It was more than a talk for the support of the Red Cross, because the speaker gave a most informing resume of the war effects and the problems of reconstruction which face not only the United States but the countries of Europe. At the conclusion of the address Dr. F. B. Madden pronounced the benediction.

Sergt. Wayman brought to mind with new emphasis the facts about the 180,000 Americans in hospitals overseas. His argument showed that while the war is over, the men in the service are encountering discomforts of climate and exposure.

Need Still Exists.

"The rain falls over there just as frequently as it did when the war was on and the mud is just as sticky. Soldiers in the service meet with continual discomforts and so the Red Cross service means as much as it ever did. Then there are the men in the hospitals. While the government furnishes them many things, it is the Red Cross that gives them additional comforts and makes for their earlier recovery. For example, the government furnishes only blankets for the cots, while the Red Cross covers these blankets with sheets. This is only one little item to indicate the personal care and interest that the Red Cross society shows in its humanitarian work.

"Locally I am told you have had the fine possible example of what the Red Cross can mean here at home, for your records show its beneficent service during the days of your influenza epidemic. Aside from the meals served in your emergency hospital, more than 5,000 were sent out from that hospital to individuals and families where the need was great.

For Members in Three Classes. "I can conceive only of three classes of citizens who are not making ready and loyal response to your membership suggestion. First, those who are too poor to pay the \$1; second, those who do not understand that the need exists today just as it did in the war time, and third, those who are lacking in loyalty. I think that those who are too poor to pay should be able to borrow for this good cause. Those who do not understand should be informed, and as for those who are lacking in loyalty I have nothing to say.

"And while the campaign is not going as rapidly as you had hoped, this is not the time for discouragement, but by united and continuous work your goal will be reached."

Money and Time

Sergt. Wayman then made a brief address. The sergeant confessed that there are some difficulties about the present campaign and told his experiences in endeavoring to enthrall the audiences at the picture shows. Then he told of his experiences at Alexander and Prentice, where the people have responded most loyally and are going to readily come up to their quotas.

"Everything depends upon the workers in this campaign and you must have enthusiasm yourself if you expect to communicate it to others. The overseas figures prove amply that the Red Cross need still goes on and so you have every argument to present for Red Cross support, remembering also the splendid work the society did during your influenza epidemic."

Red Cross Work in France.

Dr. Josephine Milligan from her first hand observation told of the splendid work of the Red Cross society in the hospitals of France. Thousands upon thousands of wounded were received in these hospitals day after day and but for the Red Cross supplies and the Red Cross service supplementing that which the government provided, a heavy percentage of these wounded men would never have received any adequate attention.

The session was adjourned at 1:30 o'clock. The luncheon was served in cafeteria style by the ladies of Grace church, who made no charge for their services. Among the workers from out of the city were George Dietrich, W. D. Zahn, Harold Joy and B. R. Kratz, Concord precinct; John Hadden of Joy Prairie.

We made a large purchase of 50c four-in-hand ties and will put them on sale Saturday. See our 50c tie window. Tomlinson.

SALE HELD BY MRS. ALEX MILLER

A sale was held on the farm of Mrs. Alexander Miller southwest of Alexander Thursday, and was well attended. Charles M. Strawn was the auctioneer and Ernest Strawn the clerk. The sale totaled about \$2,300. Mrs. Miller is selling off some surplus stock preparatory to moving to another farm. William Arnold purchased 3 hogs at \$112, \$110 and \$162 respectively. A cow was purchased by Andrew Johnson, Jr., for \$190. Oats were sold to William Davenport at 62c. Livestock and grain brought satisfactory prices.

RED CROSS NOTES

Dr. Koppel, Red Cross campaign chairman, announced last night that the expected luncheon and conference of workers will not be held this noon. The chairman announced that all ward captains will be at headquarters at 2 o'clock this afternoon and workers are expected to meet them there for reports and references.

Army Experiences.

Major Woltman, who was for more than a year in the medical service of the army, told of his experiences at Camp Pike and in other camps where he said the Red Cross service supplemented in a very valuable way what the army authorities provided. This was especially noticeable during the time of the flu epidemic when emergency help was given and of a most valuable kind.

Major Woltman said that he had formerly thought of the Red Cross society as doing a good work only in time of flood or special catastrophe, but thru his army experience he had come to know how closely the organization was related with the efficient work of the American forces.

Local Service.

M. F. Dunlap laid special emphasis upon what the Red Cross has done locally and declared that if the organization here had accomplished nothing else, it had more than repaid the money and effort by the relief given in the influenza situation. While the epidemic conditions were bad it is very sure that if the Red Cross had not come in with its timely aid, that these conditions would have been worse.

The speaker declared that every citizen of the county should be willing and glad of the opportunity to join the Red Cross organization and he said that a careful list of those who refused to become members should be kept. Mentioning that 90 to 100 people in the Ayers National Bank building had already joined he said that these men represented all financial classes and conditions and that there was the general spirit of everybody joining which should now prevail.

Basis of Campaign Success.

E. E. Crabtree, district representative for the Red Cross said the figure of 3,200 members for this county on the day the campaign was supposed to close was discouraging but that the situation could be taken in hand now and quickly remedied. The speaker said that three factors were necessary for campaign success—first, adequate foundation for the work, then organization, and third, the earnestness of the organization.

Mr. Crabtree asked if all the workers were thoroly in earnest as they had been before, and said that much depended upon that spirit of earnestness for solicitors are very apt to secure the members that they go after enthusiastically and expect to get. Mr. Crabtree said that it seemed foolish to deny the rumor, but he had again heard that there was some opposition to Red Cross organization because of the high salaries paid to some of the officers. As a matter of fact, none of the officers receive a single cent of compensation and to engage in the work as they do means that they lose.

Money and Time

Sergt. Wayman then made a brief address. The sergeant confessed that there are some difficulties about the present campaign and told his experiences in endeavoring to enthrall the audiences at the picture shows. tiers.

## SPARTACANS AT CUXHAVEN SURRENDER

COPENHAGEN, Jan. 30.—  
When the Spartacists at Cuxhaven  
and Bremerhaven, surrendered ac-  
cording to advice reaching here,  
a state of siege was decided on  
at Wilhelmshaven. The advice  
said that when the Spartacists de-  
clared Wilhelmshaven an inde-  
pendent republic the people called  
a general strike. The authorities  
closed the postal lines and the  
telegraph and railway service and  
a mass meeting was held at which  
the arrest of the workers and sol-  
diers delegates was demanded.  
After the Spartacists had raided  
the state bank, from which they  
took 2,000,000 marks, street  
fighting occurred which resulted  
in the conditional surrender of  
the Spartacists.

## MONROE MEETS WITH MORE TROUBLES

CEDAR RAPIDS, Iowa, Jan.  
30.—United States district At-  
torney F. A. O'Connor of Dubuque,  
Iowa, today notified Chicago po-  
lice officials to hold in custody  
James Monroe, alias James R.  
Darling, alias James R. Love, who  
confessed to the killing of Miss  
Josephine McDonald of Chicago,  
and who later denied his confes-  
sion.

Monroe is wanted in this city  
on a charge of violation of the  
Mann white slave act.

Mrs. Edna Jochman of Dubuque  
is the complaining witness. She  
alleges that she came to this city  
Friday, Jan. 24 with Monroe who  
claimed that he was a detective  
sent by her mother, Mrs. Jennie  
Crouse of Rockford, Ill., to bring  
her (Mrs. Jochman) to the home  
of her mother. She declares that  
Monroe produced a note from her  
mother and a picture of herself  
and baby as evidences of his  
identification.

## DISTILLERS WILL MANUFACTURE SUGAR

PEORIA, Ill., Jan. 29.—Three  
of Peoria's great distilleries and  
one distillery at Pekin are to be  
converted at once into sugar  
manufacturing plants according  
to an announcement made here to-  
day by Adolph Woolner, Jr.,  
president of the Great Western  
Distillery Co. Woolner made the  
announcement upon his return  
from a meeting with distillers in  
New York. A new process of  
sugar manufacture from corn  
developed and patented by ex-  
perts in the Peoria distilleries is  
to be used and will afford farmers  
of this section an opportunity to  
dispose of their corn in just as  
large quantities as when the dis-  
tilleries were in full operation,  
making whiskey for beverage pur-  
poses, according to Mr. Woolner.

## NAVY DISCONTINUES WAR RISK SECTION.

Washington, Jan. 30.—The  
navy department announced today

gate, sunk in collision October 7  
with the steamer American, have  
been commended by Secretary  
Daniels for remaining at their  
post until all precautions had been  
taken to prevent an explosion of  
the boilers. The men included  
Elmer A. Elliott, Bethalto, Ill.

## FUNDS FOR FUEL RESEARCH.

Washington, Jan. 30.—Enact-  
ment of the bill appropriating  
\$100,000 for the use of the sec-  
retary of the interior in investi-  
gating the practicability of a  
more general use of lignite and  
peat as fuel was completed with  
the adoption today by the senate  
of the conference report. The  
measure now goes to the presi-  
dent.

\$125,000 FIRE  
Los Angeles, Cal., Jan. 30.—  
A fire in the wholesale district  
here early today caused an esti-  
mated damage of \$125,000.

## IN THE COUNTY COURT.

In the county court yesterday  
Judge Samuel heard a petition  
brought for the release of Lionel  
Hare from the county jail on the  
ground that he is a poor person,  
unable to pay his fine. The de-  
fendant is represented by At-  
torney Marshall Miller and Wal-  
ter Wright and the state by State's  
Attorney Robinson. After hear-  
ing the evidence and argument  
Judge Smauell granted the peti-  
tion. However, Hare, who is  
charged with selling liquor in  
anti-saloon territory, must remain  
in jail until he is able to furnish  
bond, as he was sent to jail on a  
double charge of selling liquor  
and petty larceny.

The cage on trial is unusual.  
Hare a year or two since was  
found guilty of selling liquor, or-  
dered to pay a fine and spent a  
certain period in jail, and capias  
profine was issued. This meant  
that the defendant was not re-  
quired to go to jail at the time of  
the sentence and that the state's  
attorney had power to later have  
him arrested and placed in jail  
if he became convinced that the  
defendant was again breaking the  
liquor laws.

The point on which the peti-  
tion hinged was the fact that  
Hare was not sent to the jail with  
the workhouse mittimus and it  
was the claim of the petitioners  
that under this procedure he  
might stay in jail for an indefi-  
nite period and still not be able  
to discharge the amount of his  
fine. So on the ground that he  
was without property the peti-  
tion was brought for his release  
on the liquor charge and on the  
showing made was upheld by  
Judge Samuel. State's Attorney  
Robinson maintained that if the  
defendant was able to employ at-  
torneys that he could pay his fine.  
It was the testimony of the de-  
fendant that the attorneys' fees  
were being paid by his father's  
employer.

## APPROVE POSTOFFICE APPROPRIATION BILL

WASHINGTON, Jan. 30.—The  
senate today approved with little  
discussion items in the \$400,000-  
000 annual postoffice appropria-  
tion bill carrying several millions  
of dollars for pay increases for  
postoffice clerks, letter and rural  
carriers, and railway mail em-  
ployees during the next fiscal year.  
The house had proposed to make  
the increases permanent. When  
the bill was taken up there were  
less than a dozen senators pres-  
ent and by agreement several  
items in dispute were passed over  
temporarily. They included  
committee proposals for appropria-  
tion of \$200,000.00 during  
the next three years for road con-  
struction increasing the appropria-  
tion for aerial mail service, in  
Senator Swanson of Virginia, in  
supporting the road appropria-  
tions declared they would provide  
employment for many men and  
that road building presented a  
better plan than aimless appropria-  
tions for public works.

## TWELVE TRANSPORTS DEPART FROM FRANCE

WASHINGTON, Jan. 30.—De-  
parture from France of twelve  
transports, carrying more than  
850 officers and 11,000 men was  
announced today by the war de-  
partment. Seven of the ships are  
scheduled to dock at New York.  
Three at Newport News and one  
each at Baltimore and Philadel-  
phia. Four returning coast ar-  
tillery regiments are the fourth,  
forty-first, forty-fourth, and six-  
tieth. The transports include  
some of the largest in the ser-  
vice. Among them are the Ag-  
amemnon, Cedric, Rijndam and  
Espagne.  
The Duca d'Abruzzi is due at  
New York Feb. 8 with the fourth  
coast artillery complete. The  
Metapan is scheduled to arrive at  
New York, Feb. 12 with a de-  
tachment of base hospital No. 2  
composed of three officers and  
111 nurses.

## DISCUSS INTER-ALLIED FINANCIAL SOCIETY

PARIS, Jan. 30.—The commit-  
tee on fiscal legislation of the  
chamber of deputies today heard  
the minister of finance, M. Klotz,  
on the proposal made several  
weeks ago by Deputy Jacques  
Sterns for an inter-allied financial  
society, for the liquidation of the  
combined war debt of the allies.  
M. Klotz had given the scheme  
thorough study and said that the  
French government had been ac-  
cording the initiative at the peace  
conference in presenting a plan  
for the creation of a financial sec-  
tion of the society of nations.  
The plan is to be examined by  
a financial committee which the  
conference has decided to ap-  
point.

## WOUNDED SOLDIERS COMPLAIN OF POOR CARE.

Washington, Jan. 30.—Senator  
Sutherland, of West Virginia  
read a letter in the senate today  
from John Marshall, chairman of  
the Parkersburg, W. V., Red  
Cross chapter, who said many  
wounded soldiers passing thru  
that city complained of lack of  
proper food and heat on their  
trains.

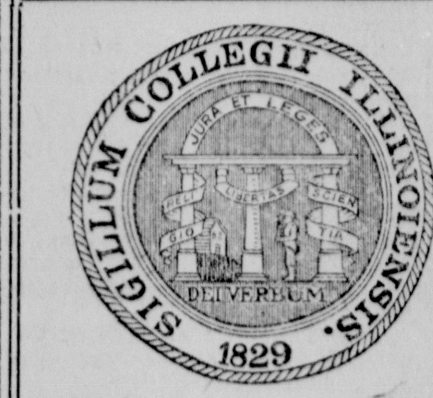

"It is most deplorable," said  
the senator, "that hospital trains  
should be found absolutely lack-  
ing in the essentials required for  
the care of these wounded men."

**FUNERAL HELD  
FOR MRS. REARICK**

Services at Family Residence in Ashland Largely Attended—Former Pastor of Deceased in Charge.

Funeral services in memory of the late Mrs. W. H. Rearick were held Thursday afternoon at 3 o'clock at the family residence in Ashland. The services were in charge of Rev. R. L. Steed of Saybrook, Ill., a former pastor of the deceased, assisted by Rev. C. L. Bell, pastor of Ashland M. E. church. There was a large gathering of relatives and friends to pay a last tribute of respect to the deceased. Mrs. W. R. Campbell of Springfield, a particular friend of the family, sang in a beautiful manner "Lead Kindly Light" and "Abide With Me." There was an abundance of

beautiful floral offerings, attesting the esteem in which Mrs. Rearick had been held, and these were cared for by Mrs. W. A. Baxter, Mrs. R. O. Beadles, Mrs. Guy Glenn, Mrs. U. J. Sinclair, Mrs. E. R. Clemmons. The following ladies assisted at the house: Mrs. J. B. Lohman, Mrs. J. J. Wyatt, Mrs. W. S. Williams and Mrs. R. L. Anderson.

Interment was made in the family lot in Ashland cemetery, the bearers being J. B. Lohman, J. J. Wyatt, George Bergen, W. S. Williams, U. J. Sinclair and E. R. Clemmons.

Among the Jacksonville people in attendance were E. E. Crabtree, Walter Ayers, C. A. Johnson, Mr. and Mrs. R. A. Gates, Miss Katherine DeHaven, Mr. and Mrs. Grant Graff, Miss Lydia Rearick.

**ARMSTRONG DRUG STORE  
FRONT COMPLETED**

The Work on the Armstrong Drug Store Front Completed.

After a long and tedious wait the last work on the improvements of the front of Armstrong's drug store on the southwest corner of the square is completed. Messrs. Joshua Vasconcellos' sons have been the contractors and through no fault of theirs the work has been so long delayed. April 27th last they began tearing away the work on the building preparatory to putting in the new front but various unavoidable obstacles appeared and delays most exasperating followed. It was lack of material, bad weather and what not till finally it seemed as if the work would never be done. But it is said that by perseverance a man once strangled an anecdote with a bootjack and so they have kept on and very creditable piece of work has been accomplished adding greatly to the desirability of the building as a place of business.

**LISTEN**

"Don't bait your hook with a piece of cheese, And go to the barn and fish for fleas; But bait your hook with a lion's tail, And go to the seas and fish for whale."

This is the principle of the American people. We are strong enough to stop the greatest world's war; we will be wise enough to guide the world in the great period of reconstruction to our good. Mr. Wilson said the world must be fed to stop Bolsheviki influence. There is a movement to raise wages in Europe which will mean satisfied stomachs instead of hunger; and we must raise more food to feed them. Come in and let me sell you a farm and help in the great period of reconstruction.

### MAJOR JOHN MULLENIX VISITING RELATIVES

Former Resident Here for Visit with Brother, Robert Mullenix, Been in Regular Army Several Years — Was in Mexican Campaign in 1916.

Major John Mullenix is in the city for a visit with his brother, Robert Mullenix, who has been ill for several weeks.

Major Mullenix has been stationed at Nogales, Ariz., for some time. He has obtained a fifteen days' leave and no doubt will greatly enjoy renewing old acquaintances here where the grew to manhood and received his education.

It has been nearly five years since Major Mullenix left Jacksonville. He graduated from the school of pharmacy at the University of Michigan and almost immediately entered the medical branch of the United States army. When the unpleasantness with Mexico occurred a few years ago he went to the border and saw active service. He was first in charge of the operating room of field hospital No. 3.

He went to Mexico with General Pershing in 1916. At that time he became attached to the 10th cavalry and was commissioned a second lieutenant. Since then his advance has been rapid, his major's commission coming a short time ago.

During the expedition into Mexico Major Mullenix said that the lack of preparedness was shown. He was of the opinion that the men on that expedition suffered far more hardships than the men who went for overseas service. The lack of safeguards for the men's moral and physical condition were also apparent during those days.

Major Mullenix did not get to see service overseas. He was very near to the point of getting over but something always happened that changed the plans. Perhaps because the war department desired men of experience to train the new army accounted for Major Mullenix not being sent across the water.

The only 30 years of age Major Mullenix is one of the few Jacksonville men to wear the gold leaf on his shoulder. His advancement is a source of pride to his friends and they predict that still further honors await him in his chosen work.

A CLOSE CALL FROM FIRE

A short time since the roof of the residence of George Smith near Grace Chapel caught fire from sparks from the chimney and soon was ablaze. It burned down through into a chamber, destroyed a bed and a soldier's uniform recently worn in the late unpleasantness with Deutschland. By dint of heroic efforts with tubs and buckets the flames were subdued before extensive damage had been done. Mr. Smith's mother was quite sick at the time but fortunately her bed was not disturbed.

CONSCIENCE MONEY

Like thunder from a clear sky, came \$1,000 to three ladies, one Mrs. Kable, living in Virden, and two, Mrs. H. B. Henkel and Mrs. G. A. Hulett, living in Springfield, one third each. The story reads like a romance. The women mentioned are daughters of Peter Freeman, a pioneer farmer who died many years ago.

It was 49 years ago that Mr. Freeman had 600 sheep that began dying with a disease known as foot rot. A hired man, William Dohrt, told Mr. Freeman that if the sheep were taken to Missouri they might be cured so Mr. Freeman sold the flock to the man and loaned him \$400 in addition and never heard anything from him long since giving up the \$1,000 as lost.

A short time since an old man came to Virden and asked for the heirs of Peter Freeman and told the above story adding he was the hired man. He said most of the sheep died and he kept on going west till he landed in Montana where he had accumulated a large fortune. He said he had been east with \$25,000 worth of sheep and wanted to pay the \$1,000, which he did and asked Mrs. Kable to take it and settle with her sisters.

Mrs. Henkle is the wife of Prof. H. B. Chick, a former resident of this city and teacher in Brown's business college. He changed his name to the thought for chicken which he thought sounded better. The other is the wife of Dr. Granville Hulett, formerly of this city.

### NOTABLE WEDDING ANNIVERSARY

Major C. E. McDougall and Wife Married Fifty-five Years Today.

January 31, 1864, at the home of Amos C. West, near Sweetwater, Menard county, a brave young Union army captain who had never flinched in the face of rebel oes on more than one sanguinary battlefield, acknowledged his capitulation to Cupid and led to the altar Elizabeth E., daughter of the host. His regiment, the 1st, Ill., was down in Arkansas and company E managed to get along without the captain for thirty days as he had been permitted to be away on an unusually important matter. The ceremony was performed by Rev. W. P. Hartley, a Baptist minister and a very good man and he has never had occasion to regret the work he did.

The groom was born in Oneida county, New York, and came to Petersburg, Menard county, in 1858, a young man of twenty years, and went to work to make his mark in life. He had been here but a few years when the war broke out and he at once offered his services which proved most valuable to his country till he was mustered out, Sept. 9, 1865. His wife is a native of Menard county where she lived until 1890 when the family removed to Jacksonville. They are the parents of three daughters, Clara, Mrs. Carl Mangham of Sacramento, Cal., where her husband is a civil engineer; Gertrude, Mrs. R. L. Hall, Utica, Mo.; and Nettie, Mrs. Wesley James, of this city. They also have three grandchildren.

The home life of this worthy couple has been most pleasing. Thru all the more than half century they have lived together the greatest harmony and affection have prevailed and with unusual serenity the worthy veteran tells now through clouds and sunshine, prosperity and adversity, sickness and health, his helpmate has ever faithfully and bravely stood by him, never complaining and always the same devoted wife and mother, cheerfully bearing her share and more of all the burdens and sorrows and rejoicing in all their prosperity.

Major McDougall is worthily one of the most popular citizens of Jacksonville. He is always sought on prominent occasions and never fails to come forward and do his duty. A military procession would hardly look right without him as marshal while in the C. A. R. post and many other places he has proved his great usefulness. Although four score years old his step is elastic and he shows no signs of weakness or old age. May he long live to be with his friends.

The major related one little incident in conversation with the reporter though he was careful to say it wasn't for publication but he thought it too good to keep. He had to hasten back to his regiment the day after the wedding and his sister, Mrs. Hamilton, with a baby, was going east so they came down to Jacksonville to take the Wabash east. The train was way late and they had to wait an interminable time but finally it drew into the station and the major helped on his sister and baby and off they started but imagine his surprise when the conductor came along and informed him the train was going west. The young bride blushed and the mother said a few words. The conductor took them to Bluffs where they spent the day and returned with him on his way back.

MISS HURD HERE.

The friends of Miss Harriet Hurd, will be glad to know that she is here visiting this, her former home. She will be especially remembered by members of Westminster church and former students of Illinois College, where she was Librarian for some years. Of late, Miss Hurd has been making her home with her sister, Mrs. Taylor, at Westfield, Wisconsin, but at present, after the fashion of women of this day and generation, she is in the employment of the government of the United States, in the Ordnance department, in St. Louis, Mo. Miss Hurd states that her nephews, Charles and Albert Brown, are now "overseas" in France, in the 28th Engineers. They have been living lately, in Joliet.

CENTENARY AID IN BUSINESS MEETING

Members of the Centenary Ladies Aid held a business meeting at the home of Mrs. E. L. Kinney, 197 South Prairie street, Thursday afternoon. There was a good attendance and plans for the coming year were discussed. It had been some time since the society had held a meeting and a great deal of reorganization work will be required to get its affairs to running smoothly. Following the business session Mrs. Kinney served refreshment.

OPERATES LARGE TRACT.

James D. Smith of Island Grove was a visitor in Jacksonville yesterday. Altho Mr. Smith lives only about twenty miles from Jacksonville, he is seldom a visitor here. The management of a tract of 2,300 acres of land keeps him very busy. As a matter of fact during the past eight years he has never been away from the farm more than two entire days.

### HIGH SCHOOL WILL PLAY VIRGINIA HIGH

Locals Will Play Strong, Class County Five—Locals Show Improved Form.

Tonight in David Prince and Jacksonville high will lay the strong Virginia high. Virginia has one of the strongest fives in this section and they are looked upon as strong contenders for the district basketball championship. The five played Routt high a double period overtime game recently losing by two points.

Jacksonville started off poorly but at Barry last week where they were looked upon as sure of losing by an overwhelming score they showed a remarkable gain of form and held Barry to a close score. Barry has a strong team and its supporters expect it to be in the running in the district tournament.

The locals have been working hard the past week and Coach Hopkins finished with a hard practice Thursday evening in preparation for the event. He is well pleased with the work of the men and expects to give Virginia a stiff argument.

JANUARY PLOWING. A somewhat unusual sight may be occasionally witnessed at present: men plowing in January. A gentleman drove eastward Tuesday and saw in a field a tractor and a four horse team breaking up ground for spring wheat. It was corn ground and the crop had been removed for the purpose

## BOND ISSUE ROADS CANNOT BE CHANGED

Interview With Senator Clarence F. Buck—Gives His Opinion on Important Theme.  
(From Monmouth Daily Atlas January 25.)

Within the last few weeks it has become apparent that almost every town in this section of the state, to say nothing of the other parts of Illinois, are clamoring to have their particular town on the route of which will be started as soon as labor, material and money conditions become such that the work can be commenced. In the city today there was a delegation from Mercer county discussing the possibility of having the route from Monmouth to Rock Island pass thru Viola and have Aldeo connected to the main road by a stub highway.

Suggestions of all kinds have been multiplying lately showing that people are unacquainted with the provisions of the law which provides for the issue of \$60,000,000 in bonds for the purpose of building a system of permanent highways in the state. In an effort to set the people right on the matter and to end a number of discussions that have arisen an Atlas reporter today interviewed Senator C. F. Buck who said:

**Every Community Interested.**  
"Judging from what I have noticed in the papers recently and from the inquiries made to me there is a great amount of misinformation about in reference to the roads to be improved by the \$60,000,000 bond issue. Every community is vitally interested

in this matter and should have correct information.  
"A map was issued by the state Highway Commission at the time this bill was under consideration in the legislature giving in detail a suggestion of the roads to be improved and the bill as finally passed was not changed in any material manner from the line laid out on this map, but persons wanting to ascertain what roads are to be improved must get their information from the bill which was passed and ratified at the last election and not from the map. The lines laid out in the bill must be followed and the State Highway Commission or no other power can change these, except by an act of the legislature, which will not be attempted as it would open a controversy that would be state wide and without end.

**Much Controversy Likely.**  
"As far as this community is concerned, the law defines the north and south road from Rock Island to Macomb via Aldeo and Monmouth and the east and west road from Galesburg to Burlington via Monmouth, but it does say which particular one of any possible number of roads shall be taken between any two of these cities and there is going to be much controversy between those who are interested in these different roads, over which road shall be taken.

"A dispatch from Springfield, yesterday says: 'Word reaching the capital from various portions of the state indicates that members are going to be flooded early in the session for changes in the routes of the proposed hard roads. This cannot be done for the reason that any change would invalidate the bond issue and those interested are not going to take a chance on such a fate. Members, doubtless, where rivalry is keen between points are going to have a hard time convincing their constituents of their inability to act.'

"As far as I am personally concerned as a member of the legislature, I feel that I have done my full duty in seeing to it that Warren county is to get two improved roads going across it almost in the center of the county both ways. I should not be asked to take sides between rival communities which are striving to pull the roads their way and I do not propose to do so. I likewise believe that it would be good policy for cities named in the bill to refrain from mixing in and leave the matter entirely to those who are directly interested.

"The location of these routes under controversy will be made by the State Highway Commission, acting under the Department of Public Works.

**The Determining Facts.**  
"They will have made a preliminary inspection of the different routes and then final surveys. The determining factors will be the mileage cost of construction and number of people served. This commission has no interest in the different localities and should be able to do their work in an unprejudiced manner. S. E. Bradt is State Highway Commissioner and W. I. Bennett is Director of Public Works. Mr. Bradt has already stated in the press that before any decisions are made every community will be given an opportunity to be heard and it would appear to be useless for those interested to undertake doing anything until that time comes.

"There is a possibility of a delay in building these roads until the prices of labor and material recede and until the bond market becomes better. At a meeting in Springfield yesterday Director Bennett stated that the Division of Highways hoped to build 500 miles of road during the coming season and 1,000 the second year. He declared that his department expects to find difficulty in selling 3 1/2 per cent, taxable bonds now when the Liberty Bonds are on the market at par and below.

"Approximately \$6,000,000 from state and federal aid—funds will be available, this summer which can be used to start the road system and it is hoped that some scheme might be devised by which the bonds may be sold and the entire system completed in a short time. Every county is anxious to get in on the first roads to be built and this will be another matter for the commission to determine."

**CLOSING OUT SALE.**

## REVIVAL AT BLUFFS LARGELY ATTENDED

Large Audience Attend Nightly Meetings at M. E. Church—Mrs. M. E. Lennett to Reside in West—Other Bluffs News Notes of Interest.

Bluffs, Jan. 30.—Mrs. M. E. Bennett will rent her property here and will leave soon for Denver, Col., where she will reside for a time. She will be accompanied by her son-in-law, Joe Martin and wife who will also reside there.

Mr. and Mrs. Arthur Pyle will spend the remainder of the winter at the N. E. H. Kellum home while conductor Schmidt and wife will occupy the Arthur Pyle property. Failing health causes Mrs. Pyle to abandon the responsibility of keeping house for a time, at least.

Large crowds are attending the revival at the M. E. church which is in progress under the leadership of Rev. F. H. Lathrop. Aside from the good attendance little interest is being manifested.

Mr. and Mrs. Ray Likes of the vicinity of Orville are rejoicing over the arrival of a daughter at their home Friday of last week. Third child.

The ladies of the M. E. church of Oxville expect to serve lunch at the George Batley sale six miles southwest of Bluffs on Tuesday, Feb. 11, and also at the Dr. C. A. Evans public sale 4 1/2 miles southwest of town Wednesday, Feb. 12th.

A batch of foreign mail arrived Monday which gladdened the hearts of the soldiers' parents, wives and sweethearts.

Mrs. Ruth Bishop of Springfield visited friends here the first of the week.

The east room of the G. W. Sisson store building will be used by Harry Geisendorfer for his new meat market as soon as it can be put in shape for occupancy.

### Heal Skin Diseases

It is unnecessary for you to suffer with eczema, itches, ring worm, rashes and similar skin troubles. A little zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

### A SPLENDID RECORD.

Some people have a habit of decrying works of mercy and benevolence and questioning the practical good done by them but here is a fact that is worth regarding. Aside from the food eaten at the open air school and Dr. Day emergency hospitals the Red Cross sent out the needy families 5,500 meals during the epidemic. Rev. W. E. Collins was ever alert in finding and deciding on worthy cases and a grand work was done by the organization.

**FOLEY'S HONEY-TAR** helps coughs quickly. It brings quick relief from day and night coughs, whether they result from cold, lagrippe, bronchial affection or tickling throat.

Mrs. Mary Kirby, an elderly lady of Spokane, Wash., 333 Princeton Ave., writes: "I was sick in bed with lagrippe and had a very bad cough. I thought it a good time to try Foley's Honey and Tar, so began taking it. It stopped my cough and I felt better. So now I am round the house again. I am 75 years old, and as long as I live will praise Foley's Honey and Tar."

## There's Always a Saving on Wirthmor Waists

There's always a saving on Wirthmor Waists, for the many great economies of the Wirthmor Plan in buying materials, in the making and in the selling of Waists insures that.

Consider these facts: That for several months past, cotton fabrics have cost from 100 to 200% over pre-war days; that trimmings have advanced proportionately; that labor costs have gone up excessively and then you'll wonder as we do, how the price has been kept down so long.

That the price must now be advanced to maintain the quality is not in the least bit surprising; it's surprising rather that this did not occur a long time since for during these past many months Wirthmor Waists could readily have been sold at \$1.50; in fact, would have represented splendid values at that price.

**The New Wirthmor Waists Priced at \$1.50**

\$1.50 is the lowest price at which a worthy Waist can now be sold. Up to this price the Wirthmor folks will hereafter build Waists that will be just as superior to all others at the price as have the Wirthmors in the past at the former price. For these things the word Wirthmor always will stand; style insurance; quality insurance; economy insurance; the positive assurance that you are receiving the very ultimate in value for your expenditure.

### Ever Kick a Battery to Pieces?

Of course you wouldn't do it intentionally. No good driver would.

But a lot of experienced drivers of trucks and passenger cars have kicked their batteries to pieces without even knowing it by banging on the starting button when the motor didn't take hold at once.

Perhaps the trouble was just thick oil. Maybe water had accumulated in the carburetor.

Possibly a connection had worked loose.

But whatever it was the battery had to suffer.

You can get far longer life from your battery, and incidentally from your whole car if you'll always be sure where the trouble is and correct it just as soon as you locate it.

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries

Walter Barber Writes Father

Balboa, Canal Zone, Jan. 14, 1919.

Dear Father and All:— Will now write you again and tell you of my voyages. I am well and enjoying a sailor's life, generally, and seeing quite a lot of the world and some wonderful sights.

We (250) sailors were sent from the Great Lakes Naval Training station, 40 miles north of Chicago, last summer, to the U. S. Naval Operating Base at Hampton Roads, Va., and from there 40 of us were sent to New York City, aboard the U. S. S. "North Dakota," which was at that time in the Brooklyn Navy Yard for repairs, and is now one of the best and speediest ships afloat. From New York we sailed north to Rockland, Maine, via Cape Cod, Nantucket, and Boston, Mass. After making several cruises, out of Penobscot Bay, or Norfolk, Va., but when we were within 80 miles of Cape Charles and the Chesapeake Bay our ship picked up a radio wireless from the Navy Dept., at Washington, D. C., to return to New York, upon our arrival there, we anchored in the Hudson River, at 96th Street and Riverside Drive, where our great fleet anchored upon their arrival from Europe.

From New York, we again sailed to Hampton Roads where we anchored overnight, then we set sail for Cuba, and after passing Cape Hatteras, which is a very dangerous place for vessels to go, and where this ship lost 3 men at sea a few months ago in a severe storm. Then we passed Cape Lookout and Cape Fear and as we "passed" Jacksonville, Florida, we were over 700 miles from land. And after a voyage of 6 days we came in sight of land, the Bahama Islands (bear in mind that a ship doesn't always make a "bee" line when cruising.)

Then we passed near San Salvador Island, that little historical spot of earth discovered by Columbus in the year 1492.

While at Cuba we anchored in the Guantanamo Bay, 50 miles from the city of Santiago, of Spanish-American war fame, on the southeastern coast, some 500 miles from Havana. Here we got liberty and went ashore, but as men in uniform are forbidden to go into the cities, we only had to roam the hills and mountains, for recreation, where they grow lots of oranges, bananas, coconut palms, and pineapples, with a lot of cactus. It was there, also, that we had target practice—both our 5-inch and 12-inch guns (cannons) and with Springfield rifles ashore, as sailors must learn to handle guns the same as soldiers or "soldiers."

### DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look At Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of "California Syrup of Figs," sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "aCalifornia Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "invers" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

### A Real Hog and Sheep Ranch for Sale

Six Miles Southwest of Arenzville

of the sea" (marines). In Cuba, the natives are of Spanish blood, and very dark, they live in small houses built of sticks and doblin and thatched with leaves. And they plow with steers and use two wheel carts for wagons, drawn with one horse.

From Cuba we set sail for the Canal Zone, thru the Caribbean Sea, Via Jamaica Island, some 800 miles. We made 18 knots on 8 boilers, good speed.

When all of our boilers are "lit off" we probably could make 28 or 30 knots an hour, judging from our speed run off the coast of Maine, when we were trying our huge and new engines out. A knot is 1 1/2 mile. We were glad to leave the West Indies for we were enroute to see one of the wonders of the world, the Panama Canal, a great engineering achievement under a great man, Col. George W. Goethals, who is now governor of the Canal Zone. And under three presidents, Taft, Roosevelt and Wilson. Roosevelt now in the Great Beyond, mourned by all naval officers, who are now wearing a broad black band on their left arm, for him.

We arrived at Colon in due time and anchored in Limon or Navy Bay over night. Then we started thru the Great Panama Canal in going thru Gatun Locks we were lifted 85 feet above sea level, then we sailed thru Gatun Lake, and up the Chagress River to, and thru the Great Culebra Cut—thru a huge mountain—the Mira flores Locks, where our vessel was lowered 85 feet, to sea level.

Then we were soon on the Pacific Coast. We landed at the Balboa Pier and got liberty every night, went ashore and had a good time and lots of fun. Here we had many visitors, come aboard our ship, civilian men, women and children and U. S. soldiers.

The Young Men's Christian Association entertained us. We find them and the Knights of Columbus, and Salvation Army, doing a great work for men in the service, everywhere, we go. "Uncle Sam" has about 10,000 soldiers stationed on the Panama Canal Zone.

### From Private Reuben Moore

Mrs. C. S. Roach of route 5 is in receipt of the following letter from her brother, Private Reuben Moore, of Co. K, 52nd Infantry, now in France: Dec. 29, 1918.

Dear Sister:— I will write you a few lines today to let you know I am well. Hope this will find you all in good health. I suppose you had a fine time Christmas, at least I hope you did. I received the package you sent and thank you very much.

Well, I suppose you have had plenty of snow by this time. We have had only one and it was a light one, only stayed on two days. Do you ever hear from Bob? The last letter that I received from Beatrice she said he was still in the hospital. I wrote to him but have never had any reply. I hear that we will start home some time in January, but cannot say for sure whether we will or not. But when you hear that the 6th division is coming home you will know that I am with it. Has Emmett gone home yet?

As I have written about all I know for this time, I will close hoping it won't be long until I can see you.

Your Brother, Reuben Moore.

### APPROVES SENTENCE.

### AN INTERESTING PAMPHLET

W. A. Jenkinson has received from the old home in Northallerton, England, a pamphlet containing a brief history of the old church in that place. Some extracts of interest are offered.

The great evangelical revival of Wesley and Whitefield gave birth to modern Congregationalism in the North Riding of Yorkshire and as a result of the movement a church in Whitby was formed and was one of the earliest Congregational churches in that land. As a result of that start the church at Northallerton was later formed and called Zion. In 1797 open services were held at the Market Cross in pleasant weather and when it stormed a cottage was opened to the worshippers by Thomas Wheldon and William Braithwaite. In 1806 the church was formed with Rev. James Jackson, pastor. When it came to building a church they thought of George Hammond and left the place a poor boy and went to London to seek his fortune. He took his religion with him and grew very wealthy for those early days and when they asked him for help to build the church he replied that he had been greatly blessed in his business and would be glad to help in good a cause. The good man died at the age of 85 and left nearly \$400,000 to good causes and it was a princely sum for those days.

Various friends aided the little society to get a house of worship which was dedicated Jan. 1, 1819 free of debt and has ever kept so. A few years ago an Easter tide egg service was instituted, the eggs, brought in by the people of Northallerton with the people of Northallerton to the fact that they had a Sunday school in 1775, some time before the organization of the church. A history of Northallerton says Rev. J. Benson pastor of the independent, imparted to the movement a genuine and lasting impulse and stimulated the dormant church people to action.

### The Sunday School

The Sunday school offers some interesting facts. The immortal Robert Raikes founded his first Sunday school in 1781 and the people of Northallerton with the people of Northallerton to the fact that they had a Sunday school in 1775, some time before the organization of the church. A history of Northallerton says Rev. J. Benson pastor of the independent, imparted to the movement a genuine and lasting impulse and stimulated the dormant church people to action.

the school in the early days sound a little peculiar. Tardy teachers were fined two pence, four cents and the same for being absent without securing a substitute. Various neglects of duty subjected the superintendent to heavier fines. Prompt and regular attendance by scholars was rewarded with tickers twenty of which called for a reward a small book. Some of these were "Little Child's Catechism," "Milk for Babies," Watts' First and Second Catechism." When the children were faithful to school instead of attending a horse race they received a reward and one is now preserved. Its inscription is "To Ann Morrill by her affectionate teacher, J. Langdale, Oct. 30, 1837."

This appeals somewhat to the writer as some of his ancestors were from the locality and his mother's maiden name was Ann Morrill. Baddy is another name frequently encountered and many times the writer has heard Uncle Mike Baddy tell of scenes and incidents when he lived at Whitby, this vicinity.

The school was very practical and in time added a society for mutual improvement. Some of the programs of the meetings were musical, some debates, lectures, readings and the like.

The book contains pictures of various groups, the church deacons, a fine looking body of men; Sunday school teachers in the quaint clothes of those early days. Sunday school officers and teachers at present. A copy of Watts' catechism would bring a high price now. The writer well recalls its quaint sayings and small woodcuts as it was in use when he was small. Among the couplets were:

"In Adam's fall  
We sinned all,"  
and it was illustrated by a woman being tempted by a serpent.  
"As runs the glass  
Our lives do pass,"  
and opposite this was the old time

hour glass.  
"The cat doth play  
And after slay."  
This picture was a cat after a mouse.  
"Time cuts down all  
Both great and small."  
Illustrated by a figure with a scythe.

And thus the list might be indefinitely increased but it might not be so interesting to the general reader as to the writer who well recalls the Sunday school lessons of nearly three fourths of a century ago. He is tempted to ask if the Sunday school scholars are any more faithful or any better posted on the Bible now than they were then but he desists.

Mrs. L. E. Orr of Quincy was a caller on city friends yesterday.

### FIRE AT HOME

OF W. A. MASTERS  
The fire department was called to the residence of W. A. Masters, 664 South Main street, at 11:30 o'clock Thursday morning. Fire had started in the roof by sparks from the chimney.  
Mr. and Mrs. Masters were away from home attending the funeral of Mr. Master's father and George Bader who resides next door was looking after the house. Mr. Bader discovered the blaze when it started and immediately turned in the alarm.  
The blaze was extinguished with but little damage which is fully covered by insurance.

C. L. Harcum of Bloomington made a trip to the city yesterday.

## THE ECONOMY BAKING POWDER

## CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

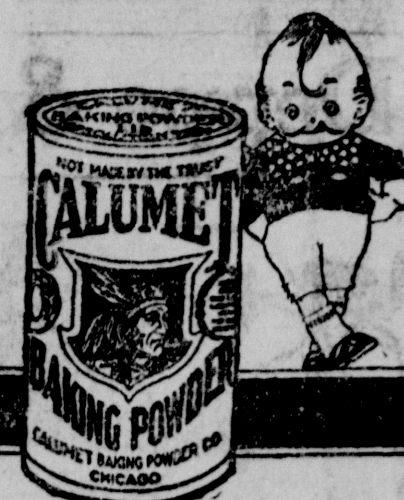

You save when you use it. Possesses twice the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plant.

Best by test. A trial proves it.

## OBITUARY

William J. Masters died at his residence at Sulphur Springs Tuesday night, Jan. 28, at 7:30 o'clock of complications due to old age.

Mr. Masters was born south of Waverly April 2, 1837, and was the son of William I. and Milly C. Masters. At the time of his death he was 81 years 9 months and 26 days of age.

He was united in marriage with Lucinda W. Morris Oct. 25, 1857, and to them were born four children, Mrs. R. H. Duer of Springfield, Miss Effie Masters of Detroit, William A. Masters of Jacksonville and Gilbert L. Masters, all of whom are living. Also three grandchildren, Mrs. Betty Trexell of Springfield, Ill., and Gilbert and Virginia Masters. He also leaves one brother, Gilbert L. Masters, of Rohrer Station, Ill. The entire life of Mr. Masters was spent in Morgan county.

Mr. Masters has lived on the old farm southeast of Jacksonville for over fifty years and since the death of his wife in April, 1916, has continued to live there with his little grandson, Gilbert, and a housekeeper.

He has been a member of the Primitive Baptist church at Sulphur Springs for years and was a devout Christian.

He leaves a multitude of friends to mourn his departure from this life.

DAIRY EXTENSION  
CAMPAIGN.ARTICLE NO. 2.  
The Dairy Cow Conserves the Soil.

The keeping of live stock by the farmer is as necessary to successful production of crops as rain and sunshine. The kind of grains and roughages which make live stock keeping the most profitable are those which draw upon those soil elements which exist in largest quantities, or those crops which put into the soil those elements most needed by the soil. In addition to this, the nature of a fertilizer as well as a producer of humus. Soils which have lain for a long time need decayed vegetable matter which is necessary to increase moisture absorbing and moisture holding qualities of the soil. This comes thru the manuring of land. It is conceded that the conservation of the fertility of the soil is the greatest problem in agriculture. Live stock farming, of which farm dairying is an essential branch will solve the problem. Attend the meeting of farm dairymen held in your locality and learn more about this phase of your business. A big revival of farm dairying is now on in Illinois. Meetings are being held from one end of the state to the other. The time is ripe for the work which the Division of Dairy Extension, Department of Agriculture has undertaken.

FROM COUNTY  
AGENT'S OFFICE

**Conferences of Dairymen.**—A call has been sent out to men interested in dairying, either as a main or side line, asking them to meet at the court house at 1:30 p. m., Saturday, February 1st, for a brief conference on dairying. This is really the forerunner of a big meeting intended to boom dairying in Morgan county.

**Clover Seed.**—Clover seed is high in price as we know it would be. Nevertheless, it ought to be sown if we expect to make any progress in soil improvement. The high price may tempt some late buyers into buying cheap seed. This is bad practice. A man in a neighboring county wasted his valuable time looking for cheap seed. He got the cheapness all right and along with it about every thing in the weed line that the ordinary man ever sees in a lifetime. He has some of these weeds on his place yet. Beware of cheap seed. What the farmer wants is good seed free from noxious weeds.

**National Hog Remedy.**—This is not a registered feed and is of very doubtful value as a hog remedy. The principal ingredient is Glauber's Salts. Glauber Salts is a physic used among livestock just as Epsom Salts are used among human beings. Altho some feeders have used the above remedy with apparently no ill effects it is very questionable practice to keep drugs like that before live stock all the time. What would you say of some one who insisted on every member of the family sick or well taking Epsom Salts or Quinine as regular articles of diet? A table set with these drugs would be a joke. The same things are true of many stock remedies. If an animal is sick it needs specific treatment, not continual dosing for all the ills it may fall heir to. The U. S. Department of Agriculture, the College of Agriculture, and the field workers are hitting that practice hard.

## SUCCESSFUL CATTLE

**FEEDING.**—A farmer who has fed cattle successfully for a number of years buys his frames in good condition, often rejected by packers as in good flesh but not fat enough to kid, gets them in January or February and feeds silage, oil meal and oats straw with little corn a week or two before shipping time. By this means he has put on two hundred pounds to a steer in three or four months. He doesn't believe in feeding much corn to fattening cattle, tho has no objection to some clover hay. He strongly believes in the silo after giving it a thoro trial and says he would hardly care to tell his exact experience with it lest people would be tempted almost to dispute him.

# Back home!

The war is won. The boys are coming back—and so is Valier's Enterprise Flour. You can enjoy, again, this *flour of flours*.

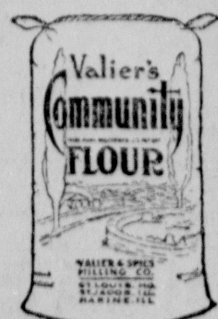

Eight months ago Valier's Enterprise was taken off the market. It was, and is, an *ideal* in flour-making. That ideal could not be maintained under war milling regulations. The public was assured then that Valier's Enterprise would not be offered until it could be made, as it had *always* been made, of only the *finest flour part* of the finest hard wheat grown—milled by the Valier slow-process method.

That promise has been kept. Now you can go back to the kind of home-baking that only this super-grade flour can give.

If you aren't one of the thousands who know what Valier's Enterprise quality means in better baking and more economical baking—then *get acquainted now*.

**Ask your grocer for Valier's Enterprise Flour today.**

JENKINSON-BODE, Distributors, Jacksonville, Ill.

This is Valier's high-grade popular-priced flour—it has made hosts of friends.
